<b>Wendi Adams, PsyD</b>	USA - Portland	P: 503-754-9676 E: dr.wendiadams@gmail.com	I specialize in working with adults. Areas of focus include trauma related disorders (cPTSD, PTSD, BPD), LGBTQ+, anxiety, mood disorders, attachment related/relationship issues, and life transitions. I came to SP after working with trauma survivors in a DBT clinic with the goal of improving client care and clinical outcomes. I offer a reduced consultation rate for SP students.
<b>Cory Arhtures, MC, RCC</b>	CAN - British Columbia	P: 778-385-5182 E: coryarthursrcc@gmail.com W: coryarthursrcc.com	I am offering individual and group consultation, with sliding scale available to individuals who experience finances as a barrier to accessing support. I use SP in my counselling work with adult individuals, with a focus on trauma (including developmental wounding), substance use, grief and loss, women's issues, and psychedelic integration. My private practice is based in Kelowna, BC, on the land of the traditional, ancestral, and unceded territory of the syilx/Okanagan people- I am able to offer consultation to individuals both within, and out of, BC.
<b>Andrea Arranga, BBSc(Hons), Dip Gestalt Therapy, MAPS, FCCOUNSP</b>	AUS	E: andrea.arranga@gmail.com	Currently I am primarily working online, and tend to work with attachment trauma, PTSD, anxiety, depression, chronic health issues and relational issues.
<b>Berrith Augustus</b>	NL	P: (+)31-652115343 E: info@prakijk-de-overkant.nl W: www.praktijk-de-overkant.nl	My name is Berrith Augustus. I work as a body-oriented therapist in a team that works with -mentalizing based therapy framework. I work with people with personality problems and DID. I work here both individually with clients and in therapy groups, in the groups I also work body-oriented and I use a lot of my sensorimotor skills. I work here for 21 years now, with pleasure. I also have my own practice where I work as a sensorimotor therapist. I have closed sensorimotor to my heart and would like to spread this work as well as help you take the next step in your journey within this beautiful work.

<b>Jeannette Maarse, PhD</b>	NL	P: +31 616370943 E: jeannette.maarse@gmail.com W: www.praktijkmovere.nl	I am an experiential and body-oriented therapist working in mental health care for over 30 years. I was trained as a movement expression therapist and I am working as a registered psychomotor therapist. Since 2018 I am a certified sensorimotor psychotherapist. In my private practice I work with sensorimotor psychotherapy for adults with trauma and attachment problems. I assisted level 2 and level 3 trainings. I have been practicing the Tibetan-buddhist Dzogchen meditation for over twenty years. The fascinating and rich model of SP brought my work and my spiritual path together in the 6 principles and the wisdom of the body.
<b>Heather Parker, MA, LCMHC</b>	USA - Vermont	P: 802-522-0069 E: hpburlingtonvt@gmail.com	Embodiment Psychotherapy, LLC Certified Sensorimotor Psychotherapist, Clinical Supervisor in private practice in Burlington, VT, working with adults individuals and groups. Level I in Boston, MA, Level II Boston, MA, Certification Level NY, NY. Assistant Level I in Boston, MA and Level II in Brooklyn, NY. Currently assisting a certification level in Denver, CO. Yoga instructor, holistic health, outdoor enthusiast. Inspired by the somatic neuroscience, developmental exploration, and relational and experiential modalities embodied in Sensorimotor. Fascinated by our innate propensity toward health and the beautiful reintegration of the child within. LGBTQIA2s+ and BIPOC advocate.
<b>Rita Hassan Parker, DR</b>	UK	E: ritahassanparker@gmail.com	I am a clinical psychologist, working primarily in NHS settings across. 10 years offering outreach services and DBT to adolescents who experience emotion regulation, identity, and self-harm issues, and their families. The last 4 years, primarily working with adults presenting with early childhood trauma. I have an emerging private clinic also. In addition to DBT, I am a certified sensorimotor therapist and trained in lifespan integration therapy. My therapeutic approach trusts in the system's innate capacity towards healing; in wisdom, spirit, and relational connection to transcend our limits and find self-compassion, clarity, flow.
<b>Mirjam Plomp, Psychologist</b>	NL	P: (+)31-634202547 E: mplomp@psychotherapieleiden.nl W: www.psychotherapieleiden.nl	As a psychotherapist I work in the Netherlands in a private practice where I work with adults with trauma and attachment-related problems. Since 2018 I am a certified sensorimotor psychotherapist. I assisted with the trauma course and currently with the advanced integrative training. In SP I have found the missing link in working with body and cognition/emotion. Central to me in working with SP is: Being curious about the development of the process, trusting the wisdom of the body, in a safe contact, based on fundamental principles.

She uses Sensorimotor, EMDR, mindfulness and attachment-based interventions to support individuals in their healing from trauma, specifically childhood physical and sexual abuse, as well as developmental ruptures that have taken up residence in one's body and mind. Over the years Stacy has also become passionate about supporting therapists on their own journey of well-being, guiding them towards trusting their own inner wisdom and strength. Stacy offers group and individual consultation, both in person and online.
<b>Anneke Vinke, PhD</b>	NL	E: training@adoptiepraktijk.nl W: www.adoptiepraktijk.nl	Anneke JG Vinke, PhD, is a registered Dutch Child and Adolescent psychologist (Dutch BIG register GZ-psychologist and Orthopedagoog Generalist). She graduated in 1991 from Radboud University in Nijmegen, then embarked on scientific research and worked simultaneously in private practice. After her PhD in intercountry adoptions in 1999 at Utrecht University she worked as an academic teacher, as researcher and as staff in child protection services. In 2006 she decided to return to clinical work and started her private practice, specializing in assessments and treatment of intercountry adoptees of all ages. Her journey of finding the right treatment for these often early traumatized clients, led her to EMDR, Theraplay, Dyadic Developmental Psychotherapy, the Neurosequential Model of Therapeutics and Sensorimotor Psychotherapy, in all of which she sought training and supervision. The last decade the focus in all her work has shifted to the body and body based interventions. In her clinical work she combines elements of all approaches she was trained in, but ever since she certified in Sensorimotor, this approach is in the lead. She has a combined practice with children, youth, parents, parent-child dyads, families and adults, all of whom touched by adoption or foster care experiences.
